

Very[®]

Task & Collaborative Seating

CONTRIBUTIONS TO LEED[®]

HAWORTH[®]

Very Contributions to LEED

Minimize impact. Maximize investment. Very seating is durable and adaptable so it will keep working for you through many years of change. Very products may contribute to the individual prerequisites and credits of LEED. Because LEED is a holistic building rating system and sustainable design guideline, there is no such thing as LEED certified products—only ways of using and applying products to support the criteria.

Very contributes to the following LEED Certifications:

LEED ID+C

LEED BD+C

LEED EB:O&M

LEED Core & Shell Development

Very® Contributions to LEED®

Product Name: Very Seating
LEED Rating System: LEED Interior Design & Construction

Materials & Resources

| | | |
|------------|---|------------|
| Credit 2 | Construction Waste Management <i>Very packing materials include cardboard, polyethylene and polypropylene banding, all of which are easily recycled in many markets. Blanket wrap options may also be available to eliminate virtually all packaging waste.</i> | 1-2 points |
| Credit 3.2 | Materials Reuse --- Furniture and Furnishings <i>Very chairs are designed for long life, and can be refurbished, contributing to this point on future projects.</i> | 1 point |
| Credit 4 | Recycled Content <i>Very chairs may contribute to this point as a typical chair contains 31% post-consumer and 19% pre-consumer recycled content.</i> | 1-2 points |
| Credit 5 | Regional Materials <i>Very chairs may contribute to this point depending on the project location. Very chairs are manufactured in Bruce, Mississippi.</i> | 1-2 points |
| Credit 6 | Rapidly Renewable Materials <i>Several fabrics available for Very chairs are made with rapidly renewable materials such as cotton or wool.</i> | 1 point |

Indoor Environmental Quality

| | | |
|------------|---|---------|
| Credit 3.2 | Construction IAQ Management Plan --- Before Occupancy <i>Low-emitting Very chairs reduce emissions during construction and flush-out.</i> | 1 point |
| Credit 4.5 | Low Emitting Materials --- Systems Furniture and Seating <i>Very chairs are Greenguard certified.</i> | 1 point |

Innovation & Design Process

| | | |
|----------|---|---------|
| Credit 1 | Innovation in Design Exemplary Performance <i>Innovation points may be achieved when a project substantially exceeds a LEED-CI performance credit. For instance, an innovation point may be awarded for achieving 30% recycled content on a LEED-CI 2.0 project. Very can contribute to achieving this higher level of recycled content.</i> | 1 point |
|----------|---|---------|
